The breadth of the Venetian Collection is deep and broad. The "serious" styling of each piece allows one to be rescued to a level of style, which will electrify your passion for fine jewelry creations. With style, charisma and personal charm Lecil has created a collection which has a niche of its own for beauty, durability and most of all style.

"The Happiness Business" is what my father called the jewelry trade and such

simple words have never been so true. Since jewelry is personal and romantic for many it should be in that category all alone. "Our 'uncompromising standards' ensure the best in quality and service from The Henderson Collection as we guarantee everything with a Lifetime Warranty".

Bold fashion combined with today's demands for comfortable, practical, and wearable fashion forward jewelry is the epitome of the collection. Combining rich textures, state-of-the-art technology, patented processes and Old World craftsmanship, the VENETIAN Collection represents the culmination of years of dedication to the creation of a truly fine piece of jewelry.

The attention to the smallest details is what makes a piece a creation. Masterfully created by hand, the elegance and style can be seen in each piece of The Henderson Collection jewelry. Each one truly is a work of art. Designed to be passed down from one generation to the next, each timeless classic will truly be enjoyed for life.
